# Framed formwork **Framax Xlife**

A formwork system sets new standards [formtechinc.com](http://formtechinc.com)

## A formwork system sets new standards

---

Framax Xlife is the framed formwork system that uses only a very few different panel formats to achieve a consistent 6" (15 cm) increment-grid, no matter whether the panels are stood upright or on their sides. All the connectors and accessories fit seamlessly into this grid – making for fast forming-times and high efficiency.

### Fast Working

thanks to optimized design

---

Framax Xlife speeds up progress on your site with its

- small number of easy-to handle component parts
- quick lightweight clamp - only a hammer is required for assembly
- versatile tie solutions, taper ties, she bolts or thru-rods with tubes
- gang ability to fly entire pre-assembled units with one pick into place
- fast assembly that is consistently over 100 sq. ft. per man-hour

### Consistent Concrete Finish

thanks to superior product quality

---

Highly economical thanks to

- 7/8 thick Xlife plywood that provides a consistent finish
- 7/8 thick Xlife plywood that is sealed in the frame with hot caulking & attached with screws from the back

### Innovative System

thanks to detailed design specific to the US & Canadian market place

---

Save time in the details thanks to

- imperial dimensioned corner panels so there is no need to convert from inches to millimeters to form the details
- stripping corners that allow for relief in a core at one location
- universal panels for up to 42" columns at 1880 psf
- hinged universal pilaster forms for fast stripping of gangs between pilasters
- steel filler panels to eliminate wood fillers

### High Safety

for your site

---

The accident risk is reduced, and legally compliant working conditions are ensured, by having

- six safety tie off handle connections that are built into every panel and meet OSHA requirements

Outstanding concrete surface

No fracturing of the surface when nails pierce the Xlife panel face

---

Give us a call at any of our branch locations, email us at [info@formtechinc.com](mailto:info@formtechinc.com), or click on [formtechinc.com/quote](http://formtechinc.com/quote) to get a quote. Our experienced Form Tech representatives will answer your questions, and help you get your project started with some of the best concrete forming, shoring, and accessory products in the industry, backed by a professional and detail-oriented staff.
